H O U S E O F H O P E

Food donations are down;

Government commodity food is way down and food banks distribute a lot of government commodity food. We're seeing more demand (last week in two days we had 144 families visit the HOH for food) and the Tarrant County Food Bank is really struggling with those inflationary pressures to meet that demand For the next 6-8 weeks our food bank will essentially be purchasing their way through this problem at an estimated 1 million dollars per month. You know the value of their dollar is just as challenged as for you and I when we go to the grocery store, Cost of that food is about 30-40% greater" than before the pandemic due to very high inflation.

House of Hope is out of canned corn, canned green beans, and pasta right now. We are also out of diapers in sizes 3, 4, 5, and 6. Please, if you are able: buy a can, buy a case and a small package of diapers. Bring them to the HOH box at the church in the gym lobby.
